

St. Helens SPS Plan for 2011

To increase our membership by newspaper advertising and personal contact.

To increase our information about boating by inviting speakers to our meetings.

To work cooperatively with local schools by showing the boating safety videos during Safe Boating Week.

To enjoy cruising with other members and boaters by hosting the Pirate's Cruise in July, as well as with other cruises.

To provide a service to other boaters and to raise some additional funds, by preparing breakfast for the Halloween Cruise on Sand Island in October.

St. Helens Sail and Power Squadron
